### THOUGHT and COMMENT ECONOMY

Male skeptics entertaining doubts as to the essentially economic nature of women would do well to investigate the success of the campaign for the sale of clippers to women recently inaugurated by a nationally known retail cigar concern.

Men have been wearing their hair short at least since the time of Cromwell, yet it is not a matter of record that clippers were sold in any quantity to male beings other than professional barbers. It simply never occurred to the average man to try to cut his own hair, or to assist his neighbors in performing that operation.

When bobbing became popular with women, there was considerable good-natured complaint on the part of men that accommodations of barber shops were being monopolized by women, and there also was complaint on the part of female addicts that a heavy item had been added to their normal cost of living. But the canny flapper, determined to make the most of her appearance, and above all to get a full 100 cents' value for her dollar, soon made a solution of the problem, with the result that the sale of clippers to women has increased by leaps and bounds. Incidentally, the price of \$1.00 a pair is considerably lower than that which has prevailed heretofore, for the modern flapper has very definite ideas as to what constitutes a bargain, no matter what the ultimate saving may be.

It is axiomatic with retail tradesmen that men are poor bargain hunters, as compared with women, and it probably is true that the cost of living for most American families would be considerably higher but for the practice of women in doing a good share of the buying for the household.

### Four Injured On Oil Tanker

(By Universal Service)

SAN FRANCISCO, June 14.—Four men were injured seriously, in an explosion late today aboard the Associated Oil company's tanker Paul Shoup in drydock at the Union Iron works. The explosion was attributed to blugs gas.

The injured men were taken to the Emergency hospital. An unidentified man, believed to be a member of the ship's crew, was reported critically injured. The others escaped with minor burns.

## REPUBLIC PLANT REPLACES BURNED BUILDING

### REPUBLIC HAS STARTED WORK ON NEW PLANT

Plant Will be Working Full Force Again Within Three Weeks Officials Say

Work on the rebuilding of the Republic Steel Package plant, which was destroyed by fire last Thursday, was started yesterday afternoon by Grant L. Miner, Jr., who was awarded the contract for the erection of the new building. The new building is expected to be completed within five or six weeks.

In the meantime partial operation of the plant will be continued at the present buildings, according to an announcement made by S. B. Merry, president of the company. While the plant will not be able to operate to full capacity until the new building is completed, Merry stated that sufficient work can be accomplished by the company so that the plant will not be forced to shut down pending the construction of the new building.

The new plant will be constructed entirely of reinforced concrete and will cost approximately \$35,000. The work will be rushed to completion and as soon as the floor work is finished, machinery will be installed so that the company can proceed with its operations, which will in no way interfere with the construction of the remaining portions of the building. The floor work is expected to be finished within three weeks.

A conference was held Sunday afternoon between officials of the company and Grant L. Miner, Jr., in which it was decided to erect a building 82 by 200 feet. A building this size will give the company the same floor space as the building destroyed by the fire.

The estimated damage of the plant and equipment is placed at approximately \$81,000. The salvage of the equipment is expected to be slight but two of the machines are slightly damaged and it is expected that they can be repaired. The insurance company has begun its investigation into the actual damage and expects to be able to make a definite report within a short time.

### Fall From Tree Fatal to Youth

A fall of ten feet from a tree on Sunday afternoon, proved fatal to Donald Milton Simoni, 10, son of D. R. Simoni, employee of the Standard Oil company, residing at 222 South Fourth street. The boy fell a distance of about ten feet from a tree, while playing early in the afternoon. It was not believed at first that the boy was injured for he played some time before complaining of being ill.

On Sunday evening he became unconscious and was removed to a local hospital, where he died a little after midnight.

The remains, which are at the Bert Curry Chapel will be shipped to Sebastopol this morning at 7:45 for interment.

### Soldier Dies After Being Struck by Ball

(By Universal Service)  
HONOLULU, June 14.—Private Andrew Watt, Headquarters Company, 35th Infantry, died here today from an injury received yesterday when he was hit on the head by a pitched ball in a baseball game between army nines. Watt's home is in Hocking, Iowa. He was a popular athlete of the 35th for the last two years.

MALLOTT'S HAVE SON  
Mr. and Mrs. Milo Malloy, 229 South Fourth street, are the parents of a son born at the Richmond Maternity hospital last Saturday.

### Louise Lerch, Young Allentown Girl, Gets "Met" Opera Contract

Miss Louise Lerch, Allentown, Pa., singer who has just received a contract to sing for the Metropolitan Opera company, started her career at the age of 9 when she sang in a church choir. Since then she has studied in Philadelphia and under Marcela Senbrink in New York. Dorothea Flexner was the first girl from the Pennsylvania mining town to attain local fame through grand opera and Miss Lerch's success, coming only a few months later, is the cause of quite some excitement and pride in Allentown.

### WHARF BIDS ARE RETURNED

Negotiations for the leasing of the municipal harbor to the Pacific Terminal company of Oakland having reached a stage where it is believed that the contract will be signed within the next two months, all other bids received by the council for the leasing of the harbor were rejected last night and the checks ordered returned to their owners.

Three bids were received by the council on February 23 and have been held pending the negotiations with the Pacific company. Last night upon the recommendation of City Manager James A. McVittie these bids were rejected.

### Big Distillery is Found in Chicago

(By Universal Service)  
CHICAGO, June 14.—A distilling plant capable of a daily revenue of between \$20,000 and \$25,000 was seized by federal agents here tonight. Nine men were arrested and evidence that the stills had been in operation was taken. The plant was valued at \$300,000.

### INJURED ON PICNIC

**CITY ACCEPTS BOND**  
The plumbing bond of John H. Rustic, who has been approved by the City Attorney and city plumbing inspector to operate in Richmond, was received by the city council last night and recommended that the city clerk file the bond.

**BUY HOME**  
Mr. and Mrs. Pearl Bethels have purchased a new six-room bungalow owned by Mrs. Theresa Persico at the corner of Barrett avenue and Eighteenth street. Bethels is an employee of the Standard Oil company. The deal was handled by Leo Persico and Frank Foster.

### CITY COUNCIL ACCEPTS INNER HARBOR WHARF

Two Important Improvements At Local Waterfront Are Accepted by City Council

Upon the recommendation of City Manager James A. McVittie, the city council last night accepted the work recently completed by the contractors at Municipal Wharf No. 2, and the dredging at the outer harbor.

The Tibbitts Pacific company in making its report to the council stated that they had finished all work called for in the original contract with the exception of work eliminated by mutual agreement and deducted from the original cost of the contract. The report was presented by Francis E. Smith.

The work of the Pacific Coast Dredging company on the outer harbor having been completed, the council accepted the report made last night. According to the report, the company has dredged 156,031.58 tons of material.

Members of the city council made a tour of inspection of the new wharves two weeks ago when but a few of the minor details of the buildings remained to be completed. Since then the company has completed the work including the re-nailing of planks on the wharf.

The buildings and wharf have been constructed of wooden piles and frame decks at a cost of \$72,000 and are located on the inner harbor. The channel has been dredged to a depth of twenty-four feet and provided with a turning basin to the same depth.

Work on the spur track for the Santa Fe railroad, permission for which has been secured from the state railroad commission, will be started as soon as the company has completed negotiations for additional property at the inner harbor. Surveying of the spur has been started. Actual operation of the wharf is being delayed pending these improvements, but shipments can be handled at the wharf despite the fact that the railroad will not be able to handle the freight. A temporary road is being constructed to handle the shipment of lumber, expected to arrive at this port for inland trade within the next month.

Leaves of absence for one year were granted to Virginia Gilbert, who will continue her studies; Mollie Hausler, rest for health; Alex Horne who will go east and Mardele Robinson, who is going east to study at Columbia.

The new teachers appointed to the Junior high school staff are: Lewis Johnson, Ruth Hard, Beatrice Winkler, Pearl Patton, Esther Little, Miriam Garrard, Leonore Carpenter and Gertrude Zimmerman.

Louise McLaughlin, of the Lincoln school and Anna Johnson, of the Grant school were given transfers to the Roosevelt junior high school.

The plans for the new high school will be ready next week. It was announced.

Aubry Wilson presided over the meeting which was attended by every member of the board except E. M. Rowner.

**CARS CRASH**  
Cars driven by Melvin Mayfield, 230 Fifth street and Walter Wicks, 534 Ohio avenue were wrecked in a collision at Eighth street and Barrett avenue on Sunday, according to a report given to the police. No one was injured.

### 20 CHILDREN FAIL TO STOP CUPID DARTS

(By Universal Service)  
OAKLAND, CAL., June 14.—Should a little matter of twenty children interfere with Dan Cupid's darts even if those darts are being used to break up two homes?

Owens Marum of Seattle and Matilda Campbell will answer that question when they appear before the Federal Authorities.

The couple were arrested today, the woman in Oakland and the man in Sacramento. He is the father of eleven children and Mrs. Campbell is the mother of nine.

They are being held for alleged violation of the Mann White Slave Act on information given the Federal Authorities by J. W. Campbell of Seattle, husband of the woman who claims that Marum paid her for to Sacramento.

Mrs. Campbell according to the Federal agents said she paid her own fare to California and that she had been induced to make the trip by glowing accounts of the climate.

The youngest child of each family is two years old.

### SCHOOL BOARD NAMES FACULTY

The appointing of new teachers was the principal business taken up by the Board of Trustees of the Richmond Union High School when it met up by the Board of Trustees of the Richmond Union High School when it met last night. Resignations of several teachers of the Junior High school and high school were received and leaves of absence were granted to several teachers.

The board accepted the resignations of the following members of the Union High school faculty: Miss Gladys Noble, Miss Dorothy Osburn and Henry Young.

The new teachers appointed to the high school faculty are: Isabelle Gnanie, Evelyn Wilson, Vera Doyle and Edith Carson.

The resignations of the following members of the Roosevelt Junior High school staff were received: Anna Laurie Bass, Irene Bowling, Sam R. Renneck, and Sarah Williamson.

Leaves of absence for one year were granted to Virginia Gilbert, who will continue her studies; Mollie Hausler, rest for health; Alex Horne who will go east and Mardele Robinson, who is going east to study at Columbia.

Edwards confessed to starting the shooting before dying.

### SENATE MAY OUST VARE AND PEPPER

Ouster Looms Following Disclosure of Huge Expenditures During Campaign

(By Universal Service)

WASHINGTON, June 14.—A movement to oust Senator George Wharton Pepper of Pennsylvania from the Senate next December, as a result of disclosures that more than \$1,000,000 was spent in his behalf in the recent Pennsylvania primary was gaining ground today among Democratic and Progressive Senators.

This movement was stated on connection with the determination of Democratic leaders to make a fight to prevent the seating of Representative William S. Vare of Philadelphia, victor over Pepper in the Republican Senatorial contest, whose expenditures revealed to date amount to about \$175,000.

These developments are on outgrowth of the Senate "slush fund" investigation into the Pennsylvania Senatorial primaries, which have dwarfed into insignificance the expenditures of \$195,000 on behalf of former Senator Truman H. Newberry of Michigan in 1918.

The movement to oust both Pepper and Vare is based squarely upon the constitutional provision that makes the Senate the sole judge of the qualifications of its members and the Newberry resolution which condemned excessive campaign expenditures as "dangerous to the perpetuity of a free government."

It is not charged that either Pepper or Vare violated any law, state or national. It would not be necessary for them to have violated any law to make them unfit to sit in the Senate, according to Democratic leaders, who are intent upon dramatizing this ten-fold case of Newberryism into an effective campaign issue.

### Clothing House Sues Labor Union

(By Universal Service)

SAN FRANCISCO, June 14.—Alleging breach of late Goldstone Brothers manufacturers of overalls maintaining plants in San Francisco and Petaluma brought suit for \$25,000 damage today against the United Garment Workers of America and the San Francisco Labor Council.

The manufacturers claim they sued the labor organization 1924 to have them restrained from sending to merchants and dealers a letter stating that Goldstone Brothers had violated an agreement and were not entitled to use the Union Label.

Subsequently an agreement was reached according to the complaint whereby the labor organizations agreed not to send out any more letters.

On June 1, this year the complaint goes on, the Union sent out new letters patronizing list.

**FOUND REPORT**  
The following is the report of City Poundmaster Frank L. Maeder for the month of May presented to the city council last night. There were on hand May 1 in the pound nineteen dogs and seventy were impounded during the month. Of this number, eight were redeemed and fifty-nine killed leaving a balance of twenty-two dogs in the pound on June 1.

Goats in pound May 1 numbered seven and two were impounded during the month. Of this number one was redeemed and four killed leaving a balance of four goats impounded.

Licenses collected during the month amounted to \$20.

Upon the recommendation of Councilman George Black, the city council last night granted a permit to Ross A. Jones to conduct a soft drink establishment at 264 Ninth street.

**GAS PUMP PERMIT**  
David B. Valleria last night requested the city council for permission to install a one-gallon gasoline pump at the curbing of 628 Sixteen street. Upon the recommendation of City Engineer E. A. Hoffman, the permission was granted.

### ANSWERS LAST CALL

Edward E. Grow, Spanish War Veteran and Building Inspector of Richmond who died suddenly yesterday afternoon following an illness of only one hour.

### CITY COUNCIL VOICES SORROW

Resolutions of condolence in the death of City Building Inspector E. E. Grow were passed last night by the city council which authorized City Clerk A. C. Faris to transmit the resolution to the family of the deceased. The following is the text of the resolution:

**RESOLUTION OF CONDOLENCE AND OF RESPECT TO THE MEMORY OF E. E. GROW.**  
WHEREAS, Edward E. Grow, building and electrical inspector of the City of Richmond during the past two years, has been called beyond by the Supreme Ruler,

AND WHEREAS, through his close association with us in this official activities and his long residence in our midst we have learned to know him and to appreciate his sterling character both as a private citizen and as a public official;

AND WHEREAS, in the death of Building Inspector Grow the city has lost a citizen of the highest integrity, and a public official who by the conscientious performance of his duties has won an enviable place in the regard of his fellow citizens;

NOW, THEREFORE, BE IT RESOLVED BY the Council of the City of Richmond that we extend our heartfelt sympathy to the members of his family, and trust that in the hour of their great affliction they will be comforted in the knowledge that this splendid husband and kind father has left behind him a clean record and an honored name.

BE IT FURTHER RESOLVED that a copy of this resolution be transmitted to the bereaved family under the seal of the City of Richmond.

### Oakland May Get A New Postoffice

(By Universal Service)  
WASHINGTON, June 14.—Oakland, California, will be granted a hearing this summer on its request for a new postoffice, treasury and postoffice officials decided today. The request for the building was made by George F. Sheldon, representing the Up Town Association of Oakland.

### ASK STREET LIGHT

Residents in the vicinity of Twenty-third street and Nevin avenue last night petitioned the city council to install a street light at the intersection. In the petition the residents called attention to the residences, apartment houses and the brick stores along Twenty-third street and stated that the installation of a street light was a needed improvement. There were twenty-three signatures to the request which was referred to the light committee for one week.

### HEART ATTACK PROVES FATAL TO PIONEER

Death Comes as Shock to His Many Friends Following Brief Illness

Coming as a shock to his many friends in this city, City Building Inspector Edward E. Grow, passed away at his home, 618 Humboldt avenue, Mira Vista, yesterday afternoon at about five o'clock, following a brief illness.

Grow had been at his office in the city hall yesterday, although he had not been feeling well for the past few days. At about 3:30 o'clock he called Dr. Hall Vestal, stating that he was not feeling well. Dr. Vestal took him to his home and left him there after treating him. Grow who was suffering from a heart attack died about an hour later when a sudden attack overtook him.

The deceased was prominent in the activities of the United Spanish War Veterans and is a past commander of Admiral Dewey camp of this city. He was a member of the Board of Directors of the Memorial hall as a representative of the United Spanish War Veterans, and held the position as deputy inspector of the Department of California for the Spanish Veterans.

He was a graduate of Stanford University, where he completed the course of a civil engineer, which profession he followed. Eight years ago he was a candidate for the office of county surveyor.

Grow came to Richmond in its early days and saw the city grow from a few houses to its present size.

He is survived by his widow, Mrs. Caroline Grow, a daughter Mrs. J. C. Thatcher and a son Edward Jr., both of Richmond.

The body is at the Wilson and Kratzer funeral parlors, where arrangements for the funeral are being made.

### Admiral Dewey Camp To Attend Funeral

All members of the Admiral Dewey camp of the United Spanish War Veterans and its auxiliary have been requested to meet at the Memorial hall at 8 o'clock tonight to arrange plans for the attending of the funeral of the late E. E. Grow, who passed away yesterday afternoon.

Grow was a past commander of the local post and has been active in the work of the Spanish War Veterans.

## Berkeley Council K. C. Hears Address On Life Insurance

Berkeley Council Knights of Columbus held its regular weekly meeting in the Memorial Hall Richmond last evening. The meeting was well attended, the members being forewarned by the assistant lecturer Henry C. Smith, of the ability of the speaker of the evening.

They were not disappointed, for William A. Hewitt, general agent of the Northwestern Mutual Life Insurance Co. for Northern California, with offices in Oakland, gave a masterly talk on the many features of insurance. The figures relating to the amount of insurance carried by Americans in the various insurance companies and the amount of claims paid out to holders each year in this country were staggering. He dwelt at length upon the manner in which many buyers of insurance left their beneficiaries, beseeching all holders to be careful along this line, and to be sure that the arrangement be in such manner as to be of real and lasting benefit to such.

Hewitt was accompanied by Ralph Anderson, local agent for the above company, who is also employed in the 23rd and Macdonald Branch of the Mercantile Trust Company.

The meeting then adjourned for refreshment.

## Doctors Do This

Doctors are prescribing a new discovery for constipation, impure blood and bowel indigestion. To millions they are bringing with it quick and remarkable results. It is a gland secretion, derived from beef livers. It stimulates the flow of bile—up to quart a day. Modern research proves that cathartics never do that. That flow of bile floods the bowels and keeps them open. The results come over night. It combats intestinal germs which feed the poisons to the blood. For bile is an antiseptic. It corrects bowel indigestion, for bile is a digestant. Countless people are getting in this way quick and amazing help in many ill conditions. Your doctor, if you consult him, will probably prescribe it to you. This new discovery is one of the marvels of modern medicine. Or you can get this liver gland secretion in Dioxol tablets. Each tablet represents ten drops.

## Luncheon Club Hears Address On "Traditions"

Traditions of the P. P. O. E. are outlined in an address on "Traditions of Elks" delivered yesterday noon at the luncheon meeting of the Jolly Corks by H. H. Howell of Berkeley. A. C. Lang, president of the club, presided at the noonday session, which is a weekly feature of the newly formed club of Elks.

The advisory board of the order is to meet this evening, after which the regular business session of the lodge will be held. A program is to be presented following the meeting. Charles Drake will be in charge of the program. Exalted Ruler James Stewart will be the presiding officer at the business session and program this evening.

## Local Masons to Visit Oakland

Accompanied by a group of other past masters of the lodge, Henry Hill, past master of Alpha Lodge of Masons, will visit Fortitude Lodge in Oakland tonight where he will confer the third degree on an old friend.

## Silvestrini Final Rites This Afternoon

Funeral services for James Silvestrini, who died from injuries sustained in a fall from a scaffold on which he was working at the Stauffer Chemical last Monday, will be held this afternoon from the residence in El Cerrito with Rev. Father Collins officiating. The remains are in charge of the Berri Curry funeral parlor.

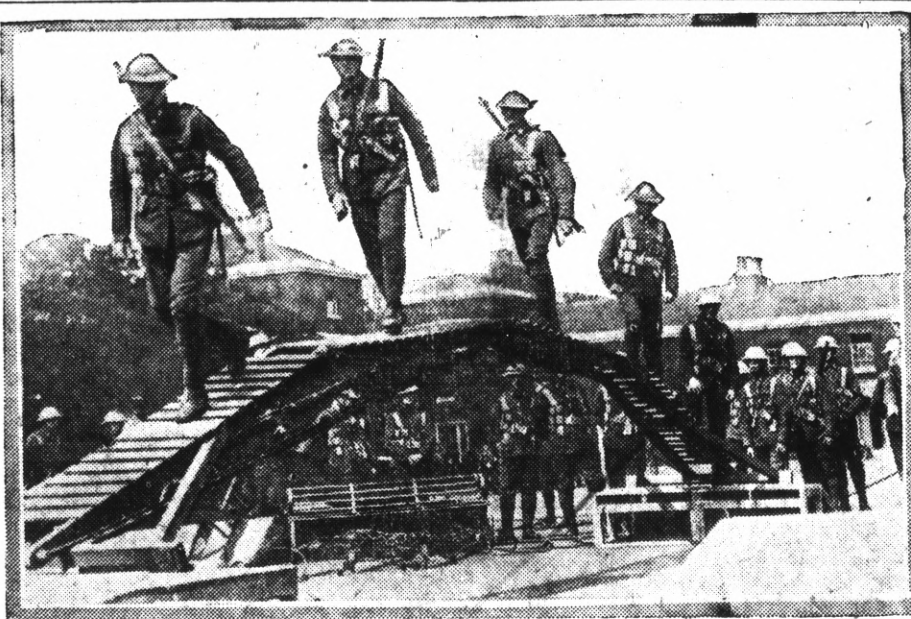

Silvestrini, who was a native of Italy, is survived by his wife, Mrs. Mary Silvestrini and five children, Eldo, Elsie, Elva, Ester and Lena.

## Lions to Hear Cancer Expert

Richmond Lions will have an opportunity to hear something about conditions in Europe and the latest developments in that country in the fight against the dread disease, cancer, when they are addressed by Dr. C. A. Dukes Standard Oil physician today. Dr. Dukes has recently returned from Europe, where he conducted extensive research work on the fighting of cancer.

Louis Berk is chairman of the day and announces that he has arranged a number of other interesting features for the session. Mrs. Mary McCann will depart on Wednesday for Chicago, where she will visit with relatives and attend the Eucharistic Congress.

## Tommies Of Royal Engineers Crossing Bridge Built By Them in Record Time For Naval-Military Tourney

The above photograph, just received from London, shows soldiers of the Royal Engineers passing over a bridge they had just erected in time which was said to constitute a record for military bridge-building. This bridge was one of the many things necessary for the Royal Naval and Military Tourney.

## FOUR YOUTHS ARE DROWNED NEAR MARTINEZ

MARTINEZ, June 14.—Four youths were drowned early on Sunday morning when the car in which they were riding plunged off a bridge eight miles east of here and imprisoned them in ten feet of water. A fifth occupant of the car managed to escape.

The dead: George Jones, 35, Santa Fe station agent at Glen Frasier.

George Lincoln, 19, Martinez, student at Polytechnic college of Engineering, Oakland.

Ralph Frazer, 19, Martinez. Donald Wright, 17, Martinez.

The rescued: Walter Frazer, 18, Martinez, cousin of Ralph.

After a complete investigation of the tragedy, the authorities were led to question Louis Vaghen, 19, of Pittsburg. The investigation disclosed that the "youth" car had brushed the death car into the slough, the officers declare.

After questioning him for some time, District Attorney A. B. Finning allowed the youth to leave on his own recognizance and promise to appear at the coroner's inquest.

When interviewed Frazer told that he was dozing in the back seat of the sedan. The crash of the car plunging through the guard rail of the bridge awakened him and in an instant he felt the rush of water. The car had turned turtle in its fall, and Frazer was now lying on his back. Squirreling over the front seat of the now submerged machine, he kicked the windshield out and left the car with his gruesome cargo. Unable to swim he called for help and a few minutes later, Verne Culberson, a musician of Pittsburg drove up and plunged into the water and dragged young Frazer to the shore.

John Byrne of Oakland drove up at this time and plunged into the water. After heroic efforts he opened the door of the sedan and pulled out the body of Ralph Frazer. He returned immediately and rescued the body of Wright.

Although quite exhausted by his efforts he made a try for other bodies, but his efforts met with no success.

The investigation indicates that Lincoln and Jones had escaped the submerged car through the broken windshield, but were unable to reach the top of the water.

Jones, the owner and driver of the ill-fated car leaves a widow and two children. All youths formerly attended Alhambra high school.

No date for the inquest has been set. The bodies are now at the morgue here.

### BUILDING PERMIT

Two building permits were issued yesterday by City Building Inspector E. E. Grow.

Peter Muhummed secured a permit to erect a one-story cottage on the south side of Chanslor avenue between Thirty-third and Thirty-fifth streets, costing \$1,250. The owner will do the work.

A permit was issued to J. R. Hart to build a sleeping porch to his cottage on the east side of McLaughlin street, between Sierra and Clinton avenue. The additions will cost \$100.

## Bishop Protests His Expulsion From Mexico

(By Universal Service)

WASHINGTON, June 14.—Branding as untrue the accusation that he entered Mexico under false pretenses as a "Protestant," Mgr. George J. Caruana, bishop of Porto Rico and the West Indies, today filed a sweeping protest with the State department against his expulsion from Mexico.

The protest rebukes the State department for failure to demand a review of the case from Mexico. Bishop Caruana declared he complied with every Mexican regulation in entering Mexico and that his expulsion was on trumped-up charges. He is an American citizen and former World War chaplain. He was recently appointed Apostolic delegate to Mexico.

A 19-year-old Mexican youth took his declaration at the Negva Laredo immigration gate last March, it was stated. This declaration as announced by Consul General Elias of Mexico in New York, contained entries giving Mgr. Caruana's religion as "protestant" and that he was familiar with only the English language.

Such entries were made without his knowledge or consent, Mgr. Caruana declared, pointing out that the certificates he submitted clearly showed he was a Catholic clergyman. On this point, his protest to Secretary of State Kellogg said:

"The American passport which I exhibited to the immigration authorities of the Mexican government at Laredo showed clearly that I was a clergyman and the medical certificate which I exhibited to the health authorities at the same time showed with equal clearness that I was the 'Right Reverend Bishop of Porto Rico.'"

## WORK RUSHED FOR BUILDING OF POTTERY

Construction on buildings for the San Pablo Pottery of the Standard Sanitary Manufacturing company will be started within the next few months, according to an announcement made yesterday by P. A. Birkholm, manager of the firm's potteries.

Plans for the buildings are being prepared by George W. Kelham, San Francisco architect and are expected to be completed soon. Improvements at the plant will cost in the neighborhood of one million dollars. The building alone is expected to cost approximately \$500,000 and the equipment for the plant is expected to run the figures to the million-dollar mark. The buildings which are to range from one to three stories will be constructed of reinforced concrete and will cover several acres of land.

The closing of the Richmond plant is in now way interfering with the production of the company which is pushing the production at the present San Pablo plant which will be running at full capacity within a month. The change was but a part of the readjustment program begun by the company and an announcement is made that the company will proceed with its expansion program as rapidly as feasible.

Details, such as rights of way permits for spur tracks and the removal of power and telephone poles is being disposed of by the company so that as soon as plans for the buildings are fully prepared and decided upon the company will not be delayed in starting construction.

The problem facing the company at present is sufficient warehouse space. As the Richmond and San Pablo potteries were operating at about two-thirds capacity, it was decided to use the Richmond plant as a warehouse and speed up production at the San Pablo plant. In the past, the products manufactured at the two pottery plants had to be stored in the open because of lack of warehouse space. Although the present changes have necessitated laying off of some of the workmen, it is expected that they will

## Police Pick Up Two On Charges Of Insanity Here

Two men, charged with being insane, were picked up by the local police over the week end, according to a report made yesterday. One man gave his name as John Hickey, 35, no address and the other Angelo Ferraraza, aged 34 of San Francisco.

Hickey became violent and was taken to the county hospital on Sunday by Constable Arthur Alstrom. He was picked up on Friday night and after an examination by doctors was released.

On Saturday night he is said to have been acting queerly as he walked the street of the West Side. He was again taken by the police and was given a bed. In the morning he was beset by strange hallucinations, crying that his mother was looking at him through a window. As far as the authorities have been able to find his mother lives in Washington.

Ferraraza was reported by T. A. Lawney, 630 Twenty-fifth street who reported that the man was acting strangely. He was taken to the station and according to the police he refused to talk, other than to give his name and address. Police are in communication with the San Francisco authorities in an effort to locate the man's relatives or friends.

Mrs. Daisy Kollman, of Kansas City, Missouri, is visiting with her father, J. B. Green, and brother, C. A. Green, 460 Seventh street.

Mr. and Mrs. A. S. McGlamery, 606 Forty-second street returned yesterday from a ten-day motor trip to northern points.

all be working again within a month after the readjustment has been completed.

## Brown and You

BROWN'S a good fellow, but he's different from you. He isn't successful the way you are. He's got a funny taste in clothes. He doesn't understand what makes a good show or a good book. He doesn't golf. He isn't popular, either—Brown. Not the way you are. Oh, Brown is as far removed from you as the North Pole!

But—at that, there are certain things. Both of you feel suddenly old when you see a pack of kids swimming frankly in the creek. Both of you get a tight throat when you watch men hoist the flag. Both of you fiercely want your sons to grow up into fine, respected men. Both of you want to get on, and save money, and cut some kind of figure in the world. Both of you get hungry along about dinner-time.

Not so very different after all. In lots of ways Brown and you are pretty close. In the human, simple things. Has it ever struck you how closely advertising deals with just those simple human things? Advertising gets down to fundamentals—the health of your children, the happiness of your wife, your comfort. It tells ways to save money and time and energy. It touches you in a hundred ways—in the ways that make you and that good fellow, Brown, pretty much alike.

Read the advertising in the newspapers. It is important. It is human and helpful. It is dedicated to Brown and you.

If it's advertised, you can be sure, it serves an important home need.

## HEAVYWEIGHT CHAMP TO BOX HERE FRIDAY

Ralph Smith, heavyweight champion of the Pacific Coast, and conqueror of Pat Lester, Jack O'Dare, Leon Cheveler, and many other crack heavyweights, will meet Johnny Zeigler in a 12-round bout at the local fight arena, Friday night.

Zeigler is by no means a set-up for the giant Los Angeles heavyweight, being a giant himself in the first place and a glance at his boxing record will prove him to be no man's fool. In the second place, Zeigler is being managed by Tim McGrath, veteran handler of fighters, which in itself is enough recommendation to his fighting ability. Tim does not bother himself with fighters of mediocre ability. McGrath's fighter weighs just as much as Smith, around the 215 pound mark and has knocked out this year Brownie Proctor, 3 rounds at Sacramento; Hall Yont, 2 rounds, Stockton; Ted Hoffman, 2 rounds, at San Francisco; Paul Krovusky, 2 rounds, Sacramento; and has a ten round decision over Tom Moreno, Fred Winsor's fighter at Santa Cruz.

Young Pancho Villa, the best little 105 pound boxer on the Pacific Coast, will meet the best opponent he has yet fought in Richmond in Bobby Mars, a fighting Filipino. Mars is also from the Tim McGrath stable and he holds a win over Villa.

Jimmy West, a consistent winner, will meet Bud Josephs of Los Angeles in the special event. Josephs has a knockout record of 34 out of a total of 85 ring bouts.

But Korn, of Richmond, who has a peculiar boxing style, will box Kid Shadow of Oakland. Korn is a very good boxer and a consistent winner, in spite of his awkward clever boxing stance and is improving with every bout.

Young Mike Gibbons, veteran Oakland boxer, who has Jimmy Duffy, Johnny Conde and all the rest of the good fighters in the old four round days will meet a rising young fighter in Johnny Woods, of Oakland. Woods has never been defeated.

## Dempsey Found Not Guilty On Speed Charge

(By Universal Service)

CHOW CHILLA, June 14.—After deliberating one hour and 52 minutes the jury trying Jack Dempsey, heavyweight champion of the world on the charge of breaking the speed laws returned a verdict of not guilty late this afternoon. When the verdict was rendered the spectators in the little court room which was crowded to capacity, cheered lustily. Dempsey then made his way to the jury box where he shook hands with members of the jury composed of nine men and three women. While the jury was deliberating, the champion entertained the youngsters of the village with stories of his life. Several of his auditors early in the day while imitating the champion had injured their hands and Dempsey took this opportunity to show them how to properly bandage the injured members. Dempsey is the popular hero of the young people tonight. In addition to entertaining them with stories he used a lavish hand in handing out small change for ice cream cones and lollipops. The champion left for Fresno tonight.

## Personnel of Columbia Crews Is Made Known

(By Universal Service)

POUGHKEEPSIE, N. Y., June 14.—Richard Glendon, the younger, head coach of Columbia crews, quartet at Cran Ebow on the west bank of the Hudson, broke his long silence today and announced the boatmen of his Varsity and Junior Varsity crews to compete in the intercollegiate regatta here June 28.

For two weeks, Glendon has been experimenting with more or less indifferent success. He has at last struck the combination he wants and this very same Varsity combination may surprise rowing followers in the four mile pull two weeks from today.

Columbia's shake-up was a big one. Only three Varsity men retained their position in the Varsity shell and in putting together his new eight Glendon has made some wholesale promotions from the Junior Varsity eight. In making the selection Glendon did not overlook Kaleb Wirberg, captain of the crew, who has been rowing in the Junior Varsity all season.

He is now pulling the No. 6 oar and his chances for leading his crew in the four mile pull June 28, are bright now. Wirberg has the experience, but it was thought for a time that because of his build he would not be able to make the grade. His short legs and long body handicapped him in adopting the navy style of swing, but eventually he was caught on to the Glendon system as the coach today named him for the Varsity shell.

In selecting the Varsity and Junior Varsity crews today, Glendon was not optimistic enough to say that his present combination would win, but he was sure that it was that Columbia will not finish last.

California's three crews were also working today under the direction of Coach Ehrhart. Pennsylvania took it easy. Fred Spuh's crew sent his navy for a short paddle down stream. Max Luft was in charge of the Freshman eight and this oarlock took a journey down the river as far as Milton and back, a distance of six miles.

No hard work will be given the Quakers tomorrow as several of the oarsmen are expected to attend the graduating exercises at their University tomorrow. One of the crew men to graduate is Don Iringer, captain of the Varsity crew.

Dad Vail didn't push the Wisconsin eight any the middle westerners just taking an easy four mile row at noon today.

According to reports gathered here there will be many changes in coaches after the Varsity race. Mike Murphy or Dr. Stevens, late of Harvard is expected to be named Varsity coach at Cornell. Rudy Callow will replace Fred Spuh at Pennsylvania. Spuh entering the lumber business in his home state of Washington. The Mike Murphy mentioned is now Freshman crew coach at Yale.

## Keys Nine Loses To Kelseyville

## Babe Ruth Injures Knee

(By Universal Service)

ST. LOUIS, June 14.—Babe Ruth injured his knee going after a fly in the second inning of the game with the Browns today and was forced to leave the game. It was feared after a hasty examination of the injured member in the clubhouse that Ruth would be out of the Yankee lineup for several days. The injury however did not come soon enough to prevent the Babe from getting his 22nd home run of the season. This blow coming in the first half of the second inning.

## Do Black Bass Think? Miss Miller Thinks They Do, But She Out-Thought Them; Hence Her Nice Catch

When black bass were schooling recently in Lake Okeechobee, Fla., which means that they were charging about on the surface for a feed of small fish, anglers tried to catch them with lures of all sizes, colors and shapes. Only four unsophisticated small bass were hooked until Miss L. E. Miller gave the bass credit for doing some thinking. She tried none of the fancy lures but put a crawfish on her hook and let it rest on the bottom. When the bass got through fooling the amateurs, they went to the bottom for a rest and "fell for" Miss Miller's crawfish.

**OAKS WIN**  
The Oaks have finally broken their jinx—they won a Sunday afternoon game! This is what the fans have been waiting for. Now, they have broken the spell they should come through pretty good. It was with a note of disbelief when the fans heard the news and even the record crowd in attendance could not believe their eyes when they saw the Seals go down to the tune of 2 to 1.

**TONY GOVERNOR**  
We are wondering how long Tony governor will last with the Oaks. Tony has been hitting above his weight and he sure can't last. It's funny how young Tony, for he is only 20 years old, started his stride. From the sandlots at Pleasanton to the near-champion Oaks, Governor, Larry and Reese are the triplets that do the work for the Oaks and there is no question in the minds of the fans that the three will go up to some big club next season.

**HURLING**  
The famous Tipperary hurlers defeated the California All-Star hurling team on Sunday by a score of 44 to 17 and they beat them without much effort. But at that the California team scored more points against them than the combined Chicago, Boston and New York teams. Mayor Rolph started the game and the 15,000 spectators, mostly Irish-Americans, watched the game, about the first one played on this coast.

**BOXING**  
Tex Rickard will go before the New York state athletic commission today and tell them who his meal ticket will go up against this year. It is expected that a hot session, to say the least, will result in this conference. It is thought that Rickard will announce that Dempsey will meet Tunney and Commissioner Farley will object, declaring that Harry Wills should have the first crack at the "champion."

**OAKS VS. HOLLYWOOD**  
The Hollywood All-Stars and the Oaks will meet today at Oakland in what is expected to be a hard and fast played series. The Oaks are now just below Los Angeles for the championship. Portland took its series from the Hollywood All-Stars, five games out of seven and Portland is rated as a weak team. But you never can tell.

(By Universal Service)

The Ironworkers did not win the game from the Concord team of the Three C League on Sunday at the First street park. Instead they were snowed under 7 to 1 by the up-county team.

Hickok was pounded for eighteen runs in nine innings. O'Rourke did the batting for the local team. Tynes and Surgen did the batting for Concord.

The only run for the Ironworkers came in the seventh inning after a burst of slugging and errors.

The score:  
Concord..... R H E  
Ironworkers..... 1 9 8  
Batteries: Hickok and Moss; Bliss and Austin.

## Sanity Test to Decide the Fate Of Russell Scott

(By Universal Service)

CHICAGO, June 14.—Broke, downhearted and lost in every fight, Russell Scott must submit to a test of his sanity, to determine whether or not he must hang for the killing of Joseph Maurer, a youthful drug clerk.

The last test to pay for his defense came today with the fight to the Supreme Court. Mrs. Scott, began plans for a "starvation" show to be held at a downtown theater. The show was stopped by the police.

The appeals to the Supreme Court, one for a writ of habeas corpus against Judge Marcus Kavay, to compel him to grant a change of venue for the sanity test and another to compel Judge Thomas Lynch, Chief Justice of the Criminal Court to send him back to the hospital for the criminal insane at Chester, were both denied by the Supreme Court today.

Thus Scott, four times saved from the unmerciful hangman, must submit to a sanity test, in every which hanging like a thousand pound weight at the end of a slender silk thread, depends his life.

If he is declared sane a date for his execution will be set. If he is again found insane, he must return to Chester, from where he was returned three weeks ago after three alienists for the state found him sane.

## Berlenbach and Delaney Will Meet in July

(By Universal Service)

NEW YORK, June 14.—The battle for the "world's light-heavyweight" championship between Jack Delaney and Paul Berlenbach will be held at Ebbets Field on a date between July 8 and July 15.

This much was revealed by Promoter Humber J. Pugazy following a business session at his offices this afternoon. The exact date, Pugazy declared will be withheld until it has been submitted for approval at the meeting of the New York State Athletic commission tomorrow. It had been rumored that, because of the huge crowd which the event would draw, the Polo grounds was being sought by Pugazy, as a battle ground.

Exalted Ruler James Stewart accompanied by seventy-five members of the Richmond Lodge of Elks attended the flag day services held last night at Oakland auditorium by the Richmond, Oakland, Pittsburg and Berkeley Lodges of Elks.

Dr. J. Whitcomb Brounger, of Oakland was the chief speaker of the evening and he spoke on the meaning of the flag.

District Deputy W. E. Varcoe of Alameda delivered a tribute to the flag.

Special music was rendered by the Elks Glee club and the Campfire Girls and Boy Scouts of Oakland.

## Expedition to Visit Greenland

(By Universal Service)

WASHINGTON, June 14.—Fishes and currents of far northern waters will be studied thoroughly for the first time by Captain Robert Bartlett, who is making final preparations at Brighton Beach, Long Island, for his Greenland expedition.

Tide and current instruments of the coast and geodetic survey have been loaned to Bartlett at the request of the American National Museum, which is sponsoring the journey, the commerce department announced today.

Bartlett, who accompanied Admiral Peary part of the way to the North Pole, plans to sail up the western coast of Greenland, around the northern tip, and down the eastern side, taking samples of the water and the ocean bottom and collecting specimens of organisms.

Small Sunshades To Be Popular

(By Universal Service)  
LONDON, June 14.—Sunshades no bigger than hats will be carried with the pretty frocks worn at Ascot this year. When closed and tucked under the arm, the sunshades are scarcely noticed. Some are laden with frills, and nearly all have long silk tassels from the handle—tassels nearly as long as the sunshade itself. One of the prettiest I have seen is of silk with a blue background covered with flowers. It was lined with orange orpardi muslin. Soft chiffon will be a favorite material for frocks. Some of the prettiest will be in black and white. Others will be in dainty flowers or delicately shaded chiffons. The novelty is the use of the two contrasting colors, both shaded. One frock I have seen began at the throat in bright orange, faded gradually to the waistline and then merged into eau de nil, the green deepening towards the hem of the skirt. The whole was beautifully banded in silver. The latest shawls for evening wear are in shaded tulle, with a generous border of fine lace.

CONTRACTS FOR SEWERS IN EL CERRITO LET

The contract for the sewer work in the Berkeley Country club Terrace tract was awarded to W. J. Tobin for \$60,691.24, by the city trustees of El Cerrito last night. The contract price is slightly lower than the estimate of engineer Ross L. Calfee. Other bids received on the work were: Harvey Connors, \$67,438.50; General Plumbing Co., \$66,113.92; L. L. Pace, \$65,267.04; George L. Pirellas, \$71,481.46; Fredricks and Wason, \$65,728.20; Fred Meyers, \$85,784.00; George C. Dagolia, \$99,221.00; Chas. E. Prentiss, \$74,720.12 and Robert B. McNear, \$78,020.20.

**TELEPHONE POLES**  
City Clerk Alice Morris was instructed to write a letter to the Pacific Telephone and Telegraph company asking them to replace old poles and straighten others in the city.

The question was raised by Trustee Fred Lutz, who stated that the telephone company had promised to do this work some time ago, but as yet had made no effort to do so and he thought that the work ought to be done immediately.

**TO CONFER WITH R. R.**  
Wilbur Pierce, city attorney of El Cerrito, informed the city trustees that he had received a letter from the engineer of the Atchafalaya Topeka and Santa Fe Railway company, stating that a representative of the company would be sent to El Cerrito in the near future to discuss the proposed crossing at Center street.

**TO PAINT GARAGE**  
An estimate of forty-two dollars to repair and paint the garage at the city hall was accepted by the board and the work was awarded to H. Kemman.

**FINISH SEWER WORK**  
Street Commissioner George Conlon, reported that the sewer work in the Richmond Junction Heights tract had been completed and the streets were in satisfactory condition so the work was accepted by the trustees. The recommendation of Conlon that the city spend \$150 on the repair of Hill street was accepted and the street superintendent ordered to have the work done.

**ASSESSMENT**  
City Engineer Ross L. Calfee gave notice to the board of the filing of the assessment on the work in Richmond Junction Heights tract.

**TO REPAIR STREET**  
On a recommendation of Trustee Fred Lutz the board ordered that Donald street near Richmond avenue be repaired.

**TO BURN GRASS**  
In order to lessen the fire hazard from dry grass the board instructed the city attorney to draw up a resolution providing that the city would burn all the grass if the property did not take care of it and the cost would be a lien on the property.

The resolution will be presented to the board next Monday night.

**TO BUY ROSE**  
A request of Fire Commissioner Frank MacDermott that the city purchase 100 feet of hose and an ax was concurred in by the trustees.

Resolution of Condolence in Grow Death Is Passed By the Allied Council of Veterans

Meeting at the Memorial hall last night the Allied Council of War Veterans passed a resolution of condolence to the family of the late E. E. Grow. Grow was an active member of the Allied council and served as president during the past year. No Fourth of July celebration will be held by the Veterans in Richmond, it was announced and a resolution was passed, deciding that no Memorial parade will be held in the future by the Veterans, instead the whole efforts of the organizations will be concentrated at the cemetery services. C. C. Campbell was elected secretary-treasurer. He is also secretary of the Council's Employment Bureau. He announced that he has the applications of several men who are asking for employment on hand and at the present time he has not been able to secure work for these men. He asks that all who need men will call him at Richmond 192.

Special efforts will be made to stop the sale of articles by peddlers, who declare themselves members of the different Veteran organizations. Several men are now selling articles to Richmond merchants, telling them that the seller represents a certain veteran organization, the council declares, and steps will be taken to check up on the canvassers.

The council decided to get in touch with the Richmond Merchant's Association, to see that the merchants will ask the solicitors for a signed recommendation from the commander of the organization they declare they represent. Plans were also started for a big annual dance and carnival to be held under the auspices of the veterans some time in the near future and a big get-together meeting of all of the veterans in August. George Rader had charge of last night's session.

Wharf Bids Are Returned Deeds in Closing of Streets Filed By City Council

(Continued from Page 1)  
Various plans were set forth in the bids for leasing the wharves under a yearly basis. The bid submitted by the Terminal Stevedoring company offered the city approximately \$45,000 per annum if 150,000 tons of freight were handled. If the freight amounted to 200,000 tons the city would receive \$60,000 and would receive \$80,000 if the tonnage amounted to 300,000 tons. Under the terms of this bid, the company would pay the city a rate of twelve cents on every ton of freight crossing the wharf in either direction and this amount would in no way interfere with the tolls for dockage or other revenues which would accrue to the city.

Edward B. Egbert offered the city an annual rental of \$1,000 for the wharf and a toll of five cents per ton for all freight crossing the docks. The collection of this toll and the paying of the rental would not prevent the city from collecting tolls and other revenue. It was declared that under this plan, the city would expect a revenue if freight amounted to 150,000 pounds of \$1,000 for rentals \$22,500 for tolls and \$7,500 for freight, making a total of \$31,000 per annum.

Three bids were submitted by the Richmond Terminal corporation. Under the plan in the first bid, the city would receive a flat rental of \$12,000. In the second plan, the city would receive an annual rental of \$15,000 with a privilege of terminating the lease by the payment of \$500 and a years notice. The third bid of the company offered the city a rental of \$18,000 with the privilege of canceling the lease by the payment of \$500 and three months notice.

**San Pablo Paving Report Next Week**  
City Manager James A. McVittie last night announced to the city council that he would be able to make a definite report on the paving of San Pablo avenue within the city limits of Richmond at the next meeting of the council. The matter was laid over for one week.

**ASK FIRE HYDRANT**  
A petition signed by six residents in the district and asking for a fire hydrant at Thirty-eighth street and Solano avenue, was presented to the city council last night. The matter was referred to the fire committee for one week.

BARN AGAIN WORRIES THE CITY COUNCIL

J. A. Fontanel, builder of two bungalows in the vicinity of Fourth street and Ripley avenue appeared before the city council last night and protested a barn located in the district and which he stated was a detriment to property besides being a fire hazard. The council has for some time past endeavored to have the barn removed but so far without avail. In a letter received from the owner of the barn three plans were offered. He stated that he would paint the barn, or if three new buildings were erected he would remove the structure or he would sell the property outright for \$1,000.

Fontanel stated that he had planned the construction of the third bungalow but found that the insurance rates were exorbitant because of the fire hazard due to the construction of the barn which has been built since 1910.

The council referred the matter to City Manager James A. McVittie and Fire Chief W. P. Cooper for one week to see if something can be done toward the removal of the structure.

Electrical Expert Talks to Employees Of Western States

Members of the Western States Gas and Electric company Employees Association and guests listened to an interesting talk last night on "Supervising of Remote Control of Substation Equipment" by W. E. Melarkey, Pacific Coast switchboard engineer of the General Electric company, given at the P. G. and E. office, 317 Sixth street. The address was illustrated with two reels of motion pictures.

Melarkey told how substations are entirely mechanically and electrically controlled by dispatchers located as far as 200 miles away, who merely operate a key which in turn, control the high tension switches at the various distributing points.

He told the members that the automatic substation equipment was first introduced in 1917, and today several stations in Oakland and San Francisco operate under this system.

This was the first of a series of instructive talks to be given before the employees of the Electric company.

Legion Requests Carnival Permit

Permission to conduct a carnival was requested of the city council last night by the Richmond post No. 10 of the American Legion. The council ordered the request filed and recommendation of the permit was made. According to the request the Legion is planning to sign a contract with the same company which furnished the amusements at the last carnival.
